LIUNA STATION, 360 James St. N, Hamilton, ON L8L 1H5

OBJECTIVES:

The McMaster University Hand, Arm, Nerve (MacHANd) Group is a new initiative promoting excellence in education, clinical service, and research for hand and upper limb injuries, diseases, and disorders.

The objectives of MacHANd Day are:

- To understand the evaluation and diagnosis of selected upper extremity disorders.
- To understand the therapeutic, surgical, and current evidence in the management of selected upper extremity disorders.

TARGET AUDIENCE:

Family Physicians, Surgeons, Psychiatrists, Radiologists, Sports Medicine, Physiotherapists, Occupational Therapists, Kinesiologists, Residents and Students and all other Health Professionals interested in upper extremity disorders.

Plenary sessions this year include topics dedicated to both Ulnar Nerve and Rotator Cuff Disorders with 'breakout' physical examination sessions included in the program.
